TRI-M Company Profile | 2019

Our Equipment

Our Equipment consists of the following:

Heavy Fixed Machinery	
Description	Quantity
Arrefecedora Agrego (Greene Chadora)	1
Bosal HP20TON	1
Rolling Machines	4
Compressor	1
Bench Grinding Machine	1
Welding Rod Oven	3
Bench Drill Machine	2
160Kva Generator	1
Guilhotine	4
Milling Machine	4
Oxy Cutting Machine	1
10t Overhead Crane	1
Press Brake	1
Bending Machine	1
Circular Saw	1
Mechanical Saw COSCO SH9016SYM	1
Mechanical Lathe	4

Mobile Fixed Machinery	
Description	Quantity
115mm Baby Grinders	26
178mm Grinders	5
230mm Grinders	37
Welder Generator	6
Mobile Welding Rod Oven	5
Portable Oxy-Cutting Machine	4
380V Welding Machines	21
220V Welding Machines	17
TIG Welding Machines	12
Mobile Air Compressors	5

Vehicles	
Description	Quantity
Forklift	1
25 to 50 ton Mobile Cranes	3
4x4 SUV & Double Cab	13
Trucks with Crane	4
Trucks	4
Trailers	3
Lorry Volvo Autocar	1

TRI-M Company Profile | 2019

Our Capacities

TRI-M owns in Matola a workshop of 1500m² equipped with all tools and machines necessary to perform its services:

- *Welding (GMAW, FCAW, SMAW, GTAW, SAW, OXIGAS);*
- *Welding Qualification and Procedures we generate and Qualify welders accordingly to API, ASME, AWS and ISO using TWI welding software program.*
- *Machining (drilling, milling, lathing/turning machines);*
- *Plastic forming (press brake, rolling machines);*
- *Cutting (guillotine, profile cutter);*
- *Cranes (over crane at workshop 10t, truck mountain cranes (50t, 25t, 16t, 7t, 4t), tools and erection equipment);*
- *Other (two TLBs, concrete vibrating machines, compactors, concrete mixers).*

Storage & Steel merchandise:

- *Warehouse of 500m² (plates, profiles (angles, channels, columns, fittings, other).*

Tank & Piping Inspections

- *Tank inspections according to API and Piping according to API 570*

Properties	
Description	Area
Trading Warehouse	405,44 m ²
Industrial Workshop	1,134 m ²
Administrative Office Block	180 m ²
Industrial Office Block	482,4 m ²

TRI-M Company Profile | 2019

Previous Experience

Name of Client	Brief Description of Works	Location	Period
Companhia do Melaço	16" pipeline for molasses	Port of Maputo	2001
Petromoc Sarl	Pipeline 2x 12" line BS 31.3 4,2km each and 1x 8" line BS 31.3 with 4.2km	Nacala	2002
Soares da Costa / Pescamar	Steel structures	Beira	2004
Açucareira de Xinavane	Molasses tank with the capacity of 2000 tons	Xinavane	2008
EDM	1 tank API 650 with a capacity of 2500m3	Maputo	2008
Kenmare/ Petromoc Sasol	2 tanks with a capacity of 2500m3 API 650 each and supporting steel structures	Moma -Nampula	2010
Petromoc Sarl	Repair of new shell and floor for a tank of 40.000m3 with a new geotechnical dome and floating roof API 653	Matola	2012
Total	Rehabilitation of tanks as per API 653	Beira	2012
Petromoc Sarl	Repair of a 60.000m3 tank - New floor and steel floating roof API 653	Matola	2012
Vale/ Mistubishi	Erection of a coal stacker	Tete	2012
Sandvik	Conveyor belts erection	Tete	2013
VFP/VALE	Fuel piping for the coal mine operations	Tete	2013
Petromoc Sarl/Vale	Construction of Temporary Rail Loading Depo at Mine Vale - Supply of Pumps, Tanks, Pipeline and Instrumentation	Tete	2014
Petromoc Sarl/CLN	Construction of Temporary Rail Loading Depo at CLN - Supply of Pumps, Tanks, Pipeline and Instrumentation	Nacala	2014
Engen/Vale	Lubricant tanks, pipeline and pumps for HDV and Superbox	Tete	2013
Petromoc Sarl	Rehabilitation and Extension of the Rail Loading Gantry	Matola	2015
Petromoc Sarl	Construction of 1 Condensate tank API 650 with the capacity of 500m3	Cuamba	2015
Sasol Temane	Steel structure and sheeting at Substation 1	Temane	2015
Cimentos de Moçambique	Industrial maintenance	Maputo	2000-2014
STAM- Terminal de Açúcar	Conveyor belt structure and maintenance	Maputo Port	2005-2015
Mozal	Tank for anode green plant with a capacity of 2500m3 API 650	Matola	2008/9
Oil Tanking	Conclusion of piping works at Matola Terminal	Matola	2017
X-Storage	Replacement of a HMT floating roof seal and repairs on a Fire Water Tank at the Port of Beira	Beira	2017
Oil Tanking	Construction of a Product Tank and a Fire Water Terminal at the Matola Terminal	Matola	2017
Oil Tanking	Removal and reinstallation of bottom floor plates of 5 x 25 meter diameter product tanks	Matola	2017
STAM- Terminal de Açúcar	EPC for the new firefighting system at the Sugar Terminal of Maputo Port	Maputo	2017/2018
ThyssenKrupp Group	Mechanical and Structural Rehabilitation of the Transfer Towers and Conveyor Belt Bridge of STEMA	Matola	2016/2017
Oil Tanking	Removal of 3 Internal Floating Roofs and replacement with 3 25 meter diameter steel structure roofs	Matola	2017
Murray and Roberts	Replacement of entire floor plate of a Condensate Tank at Sasol Temane	Temane	2018
Sumitomo/EDM	Construction and Comissioning of 5 Water Tanks (2300m3, 2x 1200m3, 2x 1000m3) for the Maputo Gas Power Plant	Maputo	2017

TRI-M Company Profile | 2019

TRI-M Group

TRI-M started as an engineering company, however over the years we have invested in the real estate market, and as a result of these investments, TRI-M Waves Lodge opened its doors in December 2011. In the pursuit of sustainable expansion and improvement of the services we offer to our clients in 2013 TRI-M Moatize was created, involving real estate developments as well as a secondary manufacturing department.
